

Change

Mest

I said what is that your saying today
The exact opposite of yesterday
Its funny how things can change
And your mind gets rearrange
Tell me what should I do
Tell me what should I say
Is there even time for change
Is it just one following another
When I look your way
I don't know what to say
Cause you change your style almost everyday
Its funny the way things went down
Cause your the one who's still stuck in this town
Tell me what should I do
Tell me what should I say
Is there even time for change
Is it just one following another
