Hide and Seek

Hale

You're still as beautiful as I saw you
You're lovely like the way I want you to
Release these thoughts about you like I do
Corrupt your mind, I will explore your mindThe morning after's gone it's time to go
Convince this tainted wish that won't come true
The moment that you'll slip into my brain
Ignore my plea, you cannot seeTreat me like a fool
Kiss me like I rule
Let me blow your mind
Use you from behindLife's not as beautiful as I saw it
There's something in the way it doesn't fit
Release these thoughts about me like you do
Corrupt my mind, you will explore my mindI wouldn't care less 'bout what you feel
I'll play you by the book like I'm used to
The moment that you'll slip into my brain
Ignore my plea, you cannot seeTreat me like a fool
Kiss me like I rule
Let me blow your mind
Use you from behind**Treat me like a fool
Kiss me like I rule
Let me blow your mind
Use you from behind
