

# Dirty Ritual

## Cindergarden

Dirty RitualWe'll build a dirty ritual  
An alter on fire  
we'll build a dirty ritual  
we'll find our own messiahGive us our communion now  
sometime we'd forgotten how  
we need blood and sacrifice  
felt the noose paid the price  
this unholy time we pray  
will not be our judgement dayWe'll build a dirty ritual  
An alter on fire  
we'll build a dirty ritual  
we'll find our own messiahKeep us quiet, medicate  
all these lives that suffocate  
when we're numb and still with fear  
we won't know what brought us here  
we can hardly concentrate  
on who we are are and what we hateWe'll build a dirty ritual  
An alter on fire  
we'll build a dirty ritual  
we'll find our own messiah
