

# Just Once

David Lee Murphy

A man can't look at a woman too long  
Who looks like you without having thoughts  
Run through his head and straight past his heart  
Well I might not stand a ghost of a chance  
You're a one man woman not a one night stand  
You're not the kind to let it go that far  
And but I wouldn't think twice  
If you ever changed your mind  
Just once what I wouldn't do  
To get my arms on a woman like you  
Just once I'd love to know what it's like  
And just once before I die  
What I wouldn't give for just one night  
Just once or twice  
I'm gazing into your big brown eyes  
Tonight I'm a little bit hypnotized  
What makes a man put himself through this  
I can't count the times I've held my breath  
As you walked past to control myself  
Well I think it's time to get it off my chest  
And so what I'd like to say  
'Cause if I had my way  
Just once what I wouldn't do  
To get my arms on a woman like you  
Just once I'd love to know what it's like  
And just once before I die  
What I wouldn't give for just one night  
Just once or twice  
Well if you changed your mind  
Well I wouldn't think twice  
Just once what I wouldn't do  
To get my arms on a woman like you  
Just once I'd love to know what it's like  
And just once before I die  
What I wouldn't give for just one night  
Just once or twice  
And just once or twice
