

Planning a Prison Break

The Receiving End Of Sirens

Warden's callin' for a lock down baby, he'll call on interim inequities
This is the last night in my body, assist in the escape
Warden's callin' on a jailbreak baby, he'll fly like only a jailbird could
He'll fly like only a jailbird could Like a felon, he fell into scandals, scams and master plans
To circumvent all circumstances
He thought to his throat, "We can swallow this key
And leave when we please"
(Lets hope his stomach, stomach)
Lets hope his stomach disagrees Warden's callin' for a lock down baby, he'll call on interim inequities
This is the last night in my body, assist in the escape
Warden's callin' on a jailbreak baby, he'll fly like only a jailbird could
He'll fly like only a jailbird could "Make a quick getaway", he said with his hands outstretched
To nurse her neck
She lured him in with a masochistic kiss
And he wished he could be anywhere, anywhere but here Warden's callin' for a lock down baby, he'll call on
interim inequities
This is the last night in my body, assist in the escape
Warden's callin' on a jailbreak baby, he'll fly like only a jailbird could
He'll fly like only a jailbird could (Arm in arm we walk outside)
(So that all we've done was not in vain)
Warden's callin' for a lock down baby, he'll call on interim inequities
This is the last night in my body, so assist in the escape
Warden's callin' on a jailbreak baby, he'll fly like only a jailbird could
He'll fly like only a jailbird could Warden's callin' for a lock down baby, he'll call on interim inequities
(Somehow for now this skin will have to do)
This is the last night in my body, so assist in the escape
Warden's callin' on a jailbreak baby, he'll fly like only a jailbird could
He'll fly like only a jailbird could This is the last night in my body yeah
This is the last night in my body yeah
This is the last night in my body yeah
This is the last night in my body yeah
