

That's How I Feel

Terri Clark

What's goin' on in your head
You haven't heard a word I said
I think we need to talk
'Cause you turn your emotions off
That's something I don't understand That's how I feel
With my heart
Every beat and every part
Way down deep
In my soul
I live and breath to let you know
That's how I feel You know the silence buys you time
To make things clearer in your mind
I can't live in the dark
Not knowin' who you are
So tell me how you feel inside That's how I feel
With my heart
Every beat and every part
Way down deep
In my soul
I live and breath to let you know
That's how I feel That's how I get to know you
If you let it go you'll
Find it's not as scary as it seems That's how I feel
With my heart
Every beat and every part
Way down deep
In my soul
I live and breath to let you know
That's how I feel I live and breath to let you know
That's how I feel
