Give Me A Chance

Dwele

Oh yeah
Oh yeah

Yeah

Hey pretty lady
You must have a man

You ain't answer fast enough,
You should take my hand and let me show you
Things about this nigga, it's too late baby you
Hesitated, just let me entertain you.

Give me a chance (to show you) show you love
Give me a chance (to show you) show you love
Oh yeah baby, give me a

Give me a second, you should take my seven
Can we talk for a minute, naw my name ain't Tevin
Keep you hot like campbells

Wrap you tight like diesel, clothin' in a seven,
You like a nine, maybe a dime maybe eleven

I understand sometimes you gotta breathe (for a minute)
I respect your space, you need yours and I need mine
But right now I'm in your face until you

Give me a chance (to show you), show you love
Give me a chance (to show you), show you love

Time is getting harder, baby you need to laugh
You don't need that clown ass nigga,
I can make you laugh, girl feel my fabric
Boyfriend material, baby you can have it
Wear it til you cant no more

Look there no pressure, thank you for your time
Now you got my seven, please keep me in mind
And you can call me like a question ?

Baby I will answer,
I can be love and handsome in a man,
If you want to take a chance ?

Give me a chance (to show you), show you love (baby, oh yeah)
Give me a chance (to show you), show you love (baby, oh yeah)
Oh yeah baby, give me

Oh yeah
Oh yeah
