

The Mystery of the Mystery

Dolly Parton

(Porter Wagoner) There are so many things that I don't understand
And I search my mind to try to find an answer
But the more I search the less I seem to find out why
Like where where the wind goes, how does life begin
What happens when we die
The mystery of the mystery must stay unknown
Only God can know and men must not see
Great minds have tried but they will not find
The answer to the mystery of the mystery Men will seek the mystic realms of the mystery
But their silent halls reveal not a sound
Many men will give their lives just to try to find
The answer to a mystery in their mind The mystery of the mystery must stay unknown
Only God can know and men must not see
Great minds have tried but they will not find
The answer to the mystery of the mystery
