The Story

Zee Avi

Broken dreams, broken dreams,
Hoping someday you'll see me,
Sky is grey, sky is grey,
But I'm dancing in the rain,
Live to sway, live to sway,
When you remember my name,
Live a lie, live a lie,
Well don't you ask yourself why...
Don't you open your eyes.
Only the moon, only the moon, only the moon,
Will hear my plea,

Only the creatures of the night,
Will harmonize with me,
Miss you so, miss you so,
And I wondered if you know,
The wind is blowing on the end of this corner,
And it's hard to let go.
That's story,
That's the story of you and me.
That's the story,
That's the story of you and me.
