Comes To Tongue

Deadstar Assembly

You said I'm sugar
You'll taste it
But it's anotherWhen you're next to me
I see through you feed
I'm your selfish thing
Keep on pulling strings
And I'll be right thereYou want things
But their so past you
You see three
When there's two
You want me
When it comes to...
Tongue, tongue, come, tongueYou feel
Manipulated
But that is not enough
Cause you're so hated
