Never Again

Norman Brown

.have you eve rlooked around
and opened up your heart
and found your wish come true
its the love you waited for
the key to every door
it looks like heaven
can you see a little more
further past the door
your mind starts to change
its what you seen before
and what I found to do
no more
stop now before its too late
never again baby
will i ever trust your heart
i gave you my word
right from the start
and maybe itll be baby
you wanted the same for yourself
all you really wanted
was to have me for yourselfwhen i look around
no lovin to be found
just games all around
cant you see a little more
further past the door
my mind starts to change
its what i seen before
what i got to do
stop now before its too late
never again
will i trust your heart
