

You Held On Even When I Let Go

Eddie Ruth Bradford

[chorus]

Jesus you held on even when I let go
I was so far gone, I didn't have no hope
But your amazing love was at the end of my road
Jesus you held on even when I let go

(lead) Going through the motions everyday now
smiling on the outside, trying to hide my pain.
Trying to stand...the best that I can,
thinking 'bout giving up; throwing up my hand

[repeat chorus]

[lead]

Seemed like the season wasn't gonna change
waiting on the sunshine; drowning in the rain.
Trying to stand... the best that I can,
thinking 'bout giving up; throwing up my hand

[repeat chorus]

There were times I thought I wouldn't make it
but you stood right by my side.
Now I'm here today by your grace

[repeat and end with chorus]
