More Than Christmas

Caroline Spence

There's nothing like the feeling, Waking up on Christmas day.
All my troubles have gone away here in your arms.
I get a whole year of that feelin', In just one mornin' and one evenin'.
That time of year is comin', it'll never be gone.

So meet me under the mistletoe,
There is somethin' you need to know.
I've got a gift for you I hope to keep on Givin'.
And all the angels are in the scene, from high up on the tree.
And as Santa as my witness, Honey I love you more than Christmas.

Life's greatest treasures, never get wrapped in paper.
Don't rush now, try to savour when they come along.
Oh, now I know, that it's all worth the waitin'.
And the joyful anticipation has it's own sweet song.

meet me under the mistletoe,
There is somethin' you need to know.
I've got a gift for you I hope to keep on Givin'.
And all the angels are in the scene, from high up on the tree.
And as Santa as my witness, Honey I love you more than Christmas.

ooh, I've got everything I need.
And if I ever made a list, at the very top would be...

meet me under the mistletoe,
There is somethin' you need to know.
I've got a gift for you I hope to keep on Givin'.
And all the angels are in the scene, from high up on the tree.
And as Santa as my witness, Honey I love you more than Christmas.
Honey, I love you more than Christmas.
