

Cruel Intentions

JMSN

Ohhh woah yea
Say now I
I got so much on my mind
(given around everything oh baby)
And I can't sleep yea
Wish I could turn back ahead timeEverybody wanna fuck someone else
Wanna feel the thing that they never felt when they was with you yea
Alright
My girl would tell me go and get some help
I'd try and try but I can't seem to figure out the issue yeaAt the end of the day
I just want some attention
With all this empty space, we've got such cruel intentions
Cruel intentions
(i'm going back in)
I made my fair share of mistakes
I had my fair share of bad pains
I met the real I met the fake
Starting to learn how much time it takesEverybody wants to fuck someone else
Wanna feel the thing that they nevr felt when they was with you
My girl would tell me go fuck yourself (fuck yourself)
I would try and try but I can't seem to figure out the issue yea
Ohh the issue, yeaAt the end of the day
I just want some attention
With all this empty space, we've got cruel intentions
Cruel intentionsYeaaa, we got such cruel intentionsLet me play my guitar
Healing all your scarsCruel, cruel intentions
Say, cruel, cruel intentions
Cruel intentions
Cruel intentions[
