

# The One

## Millionaires

Oooh baby do you know what thats worth?

Oooh Heaven is a place on Earth

You say in Heaven love comes first

We'll make Heaven our place on Earth

Oooh Heaven is a place on Earth

Oooh Heaven

Oooh Heaven

Oooh Heaven

Oooh HeavenI thought about it and boy I swear to you

You are the one, the one I want the night through

From the moment we met I already knew

We would be together 'till our lives were through

We can hug and kiss to make it all right

And can be together almost every single night

Yeah I know you want, I know you want me to

So I'll gladly come over and do what we doOooh boy you make my heart beat fast

I know that this is going to last

When we're together it feels so right

You are the only one I think of at night

Oooh the only one I think of at nightDo you remember that time we had a huge fight

We didnt even talk for a whole fourth night

I lay in bed and cried all day

Only you could make the sadness go away

I had never felt that kind of pain before

Feeling like my heart was jammed in the door

But just the sound of your voice

Or the touch of your hand

Could turn my heart into a pile of sandOooh boy you make my heart beat fast

I know that this is going to last

When we're together it feels so right

You are the only one I think of at night

Oooh the only one I think of at nightI lay alone in my bed

Thoughts of you running through my head

I hear a noise on my window pane

I look and see you standing in the rain

I run downstairs and open the door

I feel my heart falling to the floor

I step outside and walk to you

I know just what I have to do

If you take my hand and hold me tight  
I've never felt like, but it feels so right  
Leaning in for our second first kiss  
Never again will we fight like this Ooh boy you make my heart beat fast  
I know that this is going to last  
When we're together it feels so right  
You are the only one I think of at night  
Ooh the only one I think of at night Ooh boy you make my heart beat fast  
I know that this is going to last  
When we're together it feels so right  
You are the only one I think of at night  
Ooh the only one I think of at night
