She's Got a Single Thing In Mind

Conway Twitty

You can't find the words to break it to me
'Cause she always was the gentle kind
She's hoping I'll hear it from a friend somewhere
She's hoping I'll read between the lines
But it comes as no surprise 'cause she told me with her eyesSo watch her untie the ties that binds
She's got a single thing in mindShe's already gone except in body
It's just a matter of time
Well I should have seen the storm clouds gathering
But he who won't look is just as blind
So there's only me to blame when my woman drops my nameSo watch her untie the ties that binds
She's got a single thing in mind
