Sex Crazed

The Plastic Revolution

I need a lover who wonâ€™t get close to me, while sheâ€™s stabbing me in the back.
On another note she makes love to me, and she never calls me back.

I wonder this got going without us knowing how all this could endâ€¦

When all night stayed,
Blacker than the devil,
Burning plastic pebbles,
While weâ€™re laying on the floor.
Iâ€™m still sex crazed,
Never satiated,
I probably should have waited but I never did before.

And wonâ€™t you not get close to me, while weâ€™re scandalizing all we can.
When you got the most that means more to me.
What would I care for?
Why would I stop here?

And wonder this got going without us knowing how all this could endâ€¦

When all night stayed,
Blacker than the devil,
Burning plastic pebbles,
While weâ€™re laying on the floor.
Iâ€™m still sex crazed,
Never satiated,
I probably should have waited but I never did before
