

September Rain

Katy Rose

If everything happens for the best
If fate is never second guessed
Then why does right feel so wrong
I have my life it's a lovely world
People think I'm a lucky girl
Then why does right feel so wrong

Whose life is this
Which voice is mine
I'm stealing
I have got to stop pretending

Over and over and over again
I blow like a leaf in the autumn wind
I am alone inside my skin
In the cold September rain

When I was young I thought for sure
That when I grew up I'd be secure
Why do I shake when all is still
Maybe it's something inside me
I'll ask the moon, the stars, the sea
To take my heart and guide me home

I feel the chill
Of winter's breath
On my shoulder
I have got to start the healing

Over and over and over again
I blow like a leaf in the autumn wind
I am alone inside my skin
In the cold September rain

Oh take me back to better times
When things were cool and innocent oh take me
And keep wise enough to know
What I can change and what I can't, save me
Oh, save me now

Over and over and over again
I blow like a leaf in the autumn wind
I am alone inside my skin
In the cold September rain
