Bad Habit

Varsity Fanclub

Girl, I got some things to say
Sit down put your phone away
Don't want no interruptions baby
Listen I can't do this, something's missingYou always said that you will change
Don't try to cut me off baby
Baby girl, you hold me back
I'm out the door that's thatEvery time I say I'm gone, I prove me wrong
'Cause I'm addicted, I'm addicted to youI try and try to leave but I just can't let you go
'Cause every single moment
My heart says that I just can't quitI'm like the ending of a movie that you just don't get
I don't show up late, I never forget
You got me running circles in my head
No, I can't quit you're my bad habitI know I said, I couldn't stay
I try so hard to walk away but, girl
You got me itching and got me wishing
I could break myself of youI try to be alone, baby
But you just take control of me
And I keep tryna hide it
And I deny it I don't need you anymore butEvery time I say I'm gone, I prove me wrong
'Cause I'm addicted, I'm addicted to you
Every time I say I'm gone, I prove me wrong
'Cause I'm addicted, I'm addicted to youI try and try to leave but I just can't let you go
'Cause every single moment
My heart says that I just can't quitI'm like the ending of a movie that you just don't get
I don't show up late, I never forget
You got me running circles in my head
No, I can't quit you're my bad habitI try and try to leave but I just can't let you go
'Cause every single moment
My heart says that I just can't quitI'm like the ending of a movie that you just don't get
I don't show up late, I never forget
You got me running circles in my head
No, I can't quit you're my bad habitThe first step is claiming that I'm wrong
I never take the blame, no, no
So help me help myself get better
Tell me that I'm yours forever
Are you addicted to me?I try and try to leave but I just can't let you go
'Cause every single moment
My heart says that I just can't quitI'm like the ending of a movie that you just don't get
I don't show up late, I never forget

You got me running circles in my head
No, I can't quit you're my bad habitI try and try to leave but I just can't let you go
'Cause every single moment
My heart says that I just can't quitI'm like the ending of a movie that you just don't get
I don't show up late, I never forget
You got me running circles in my head
No, I can't quit you're my bad habit
