

Love Rage On

Nizlopi

No, I won't say anything
I won't say a word, just let me in
I'm gonna find out now, girl, give in
Where we're coming from, where we begin? And I'm on my way
I'm on my way This love will rage on
This love will stay strong
This love will rage on
This love will stay strong
Bring it on Bringing the soul right on
Bringing the soul right on
Bringing the soul right, bringing the soul right
Bringing the soul right on Oh, come shake me to the core
Last love gone, kicked me out the door
Oh, bring me rest, I need it more
Love's a game that will make you fly high
And make you soar And I'm on my way
I'm on my way This love will rage on
This love will stay strong
This love will rage on
This love will stay strong
Bring it on Bringing the soul right on
Bringing the soul right on
Bringing the soul right, bringing the soul right
Bringing the soul right on It's so original, not in your pigeon hole
The soul is the goal now that we're living for
You're never getting bored, you're sleeping sweetly, Lord
And soul is the goal now that we're living for Living in sun, living in rain
Breathing out joy after breathing in pain
Living in life, living in love
Living, living, fucking life again This love will rage on
This love will stay strong
This love will rage on
This love will stay strong Bringing the soul right on
Bringing the soul right on
Bringing the soul right, bringing the soul right
Bringing the soul right on Bringing the soul right on
Bringing the soul right on
Bringing the soul right, bringing the soul right
Bringing the soul right on Bringing the soul right on

Bringing the soul right on
Bringing the soul right, bringing the soul right
Bringing the soul right on
