

Mask And Knife (Feat. G Macc, Bleezo)

Brotha Lynch Hung

feat. Bleezo & G-Macc

[Verse 1: G-Macc]

Clear my throat, then I

Pull a butterfly knife out the back pocket chop it with a semi

Half of the body left in the closet

The other half in the cutlass with me

Wanna come back with the gonorrhea, feed it to 'em, stomach empty

Look at her fifty stab wounds, hit her with ten

Droppin' the knife, then pickin'it up and shoot her again

Deliver it to the meat grinder, makeshift grade weed finder

Get her back up, eat the eyes up, beat your wife up, keep the knife cut

I got decay, put it to your face, peace releasin'

I bury your face deep to the sea creatures region

I'm knee deep in your nieces fecesAnnotate
