Superpower

BeyonceÌ•

When the palm of my two hands hold each other
That feels different
From when your hands are in mine
That's just the way it is
And when my voice is screaming out to my own ears
That feels different
From when I hear yours
Now that's just the way it is
And when I'm standing in this mirror
After all these years
What I'm viewing is a little different
From what your eyes show you
I guess I didn't see myself before you
Moving forwardSuper power
A subtle power
Super power
A tough love
Super power
Like a shark
Super power
Like a bear
A tough loveAnd I thought the world would move on
I thought the world would move on
Without us, without us, without us
But nothing I know could slow us down
Couldn't tow us down
I thought I could live without you
'Cause nothing I know can break us
Down
They can't break us downAnd just like you I can't be scared
Just like you I hope I'm spared
But it's tough love
I know you feel it in the air
Even the babies know it's there
Tough love
Super power
The laws of the world tell us what goes sky
And what falls
It's a super power

Super power
The laws of the world never stopped us once
'Cause together we got plenty super powerSuper power
A subtle power
Super power
A tough love
Super power
Like a shark
Super power
Too much to bare
Super powerAnd I thought the world would move on
I thought the world would move on
Without us, without us, without us
But nothing I know could slow us down
Couldn't tow us down
I thought I could live without you
But together we got plenty power
Nothing I know can break us down
They can't break us downYes we can
Couldn't break us down
They couldn't break us down
