

# Mother's Son

Curtis Mayfield

Raining in the [Incomprehensible]  
Think about a restaurant  
Mother, mother's son Think I'll make a great big kiss  
[Incomprehensible]  
Mother, mother's son Get down and get fucked  
Watch out for those junkies  
Mother, mother's son  
Mother  
Mother's son, mother In street with people you meet  
Getting tired, want something to eat  
Mother, mother's son No, you won't be a superstar  
But try to be the child you are  
Mother, mother's son Can't let fool you  
I will have to school you  
Mother, mother's son Mother, mother's son Can't get no water  
When the [Incomprehensible]  
Just thinking not giving  
Makes life not worth living  
Can't let fool you  
I will have to school you  
Now you want to be a superstar  
But try to be the child you are
