Mothership

Harvie S

Go tell all your friends that this is the end
go tell all your friends that this is the end
go tell all your friends that this is the end
this is the endi don't understand a word you're saying
what are the clouds running from?
there's something in the air tonight
something is wrong, spit it out!I just fell from the mothership
(they said that)
your answers, they're always lying on the ocean bed
your answers, they're always lying on the ocean bedthere's something in the air
there's something in the air
tonight, i'm wide awake, i'm wide awake
there's something in the air
there's something in the air
tonight, i'm wide awake, i'm wide awakeand i'll plead with a thousand voicesI am sane! I am sane!I just fell from the mothership
(they said that)
your answers, they're always lying on the ocean bed
your answers, they're always lying on the ocean bedwalk the plank! walk the plank! walk the plank!
walk the plank! walk the plank! walk the plank!
walk, the, plank!your answers, they're always lying on the ocean bed
your answers, they're always lying on the ocean bed
your answers, they're always lying on the ocean bed
your answers, they're always lying on the ocean bed
