Pete Yorn & Scarlett Johansson

Here I go again
Late for another passing train
Oh the good times we had
Another morning comes
Left another record on
Had a good night.oh(Run away)
Last thing I remember
(Run away)
Things were getting better
I'd go anywhere with you
So we rise
Off to make another run of it
To pass the time we say goodbye
Here we are enclosed
Wake me up and ready to go
Oh the sun's out tonight(Run away)
Last thing I remember
(Run away)
Things were getting better
(Run away)
Last thing I remember, things were getting better
I'd go anywhere with youHere I go again
Late for another passing trend
Oh the good times lie ahead, oh, oh
(Run away)
Last thing I remember, things were getting better
(Run away)
Last thing I remember, things were getting better
(Run away)
Last thing I remember, things were getting better
I'd go anywhere with you
