Side

Sanni

Well I believe there's someone watching over you
They're watching every single thing you say
And when you die, they'll set you down and take you through
You'll realize one dayThat the grass is always greener on the other side
The neighbor's got a new car that you wanna drive
And when time is running out, you wanna stay aliveWe all live under the same sky
We all will live, we all will die
There is no wrong, there is no right
The circle only has one side, side, sideWe all try hard to live our lives in harmony
For fear of falling swiftly overboard
But life is both a major and minor key
Just open up the chordBut the grass is always greener on the other side
The neighbor's got a new car that you wanna drive
And when time is running out you wanna stay aliveWe all live under the same sky
We all will live, we all will die
There is no wrong, there is no right
The circle only has one side, side, side, sideBut the grass is always greener on the other side
The neighbor's got a new car that you wanna drive
And when time is running out, you wanna stay aliveWe all live under the same sky
We all will live, we all will die
There is no wrong, there is no rightBut the grass is always greener on the other side
The neighbor's got a new car that you wanna drive
And when time is running out, you wanna stay aliveWe all live under the same sky
We all will live, we all will die
There is no wrong, there is no right
The circle only has one side, side, side, side side, side, side, side
