Tell Me Now

Bellefire

I know it's all over, but I think of you and all that we had
Thought we were forever, but I'm missing you
It makes me feel badSometimes in love you know you'll make it
Then someone comes along at night and takes it.
Was it for real, or did we fake it?
I ask myself and I don't know soTell me now-, is it me you're looking for and
Tell me now-, is it true she loves you moreI felt so lonely and I have to say
The world fell apart
I watched you coldly, but when you left today,
It rained in my heartMaybe in time I will forgive you
Tell me the truth I might believe you
I might be a fool, but I still want you
Are you for real, I don't know soTell me now-, is it me you're looking for and
Tell me now-, is it true she loves you moreYou were the one that was meant for me
My lover my life my destiny, but it's over now
And it's all because of you
All of the things we were meant to do
Till we were old but nothings new
Coz it's over now and it's all because of you.Maybe in time I will forgive you
Tell me the truth I might believe you
I might be a fool, but I still want you
Are you for real, I don't know soTell me now-, is it me you're looking for and
Tell me now-, is it true she loves you moreYou were the one that was meant for me
My lover my life my destiny, but it's over now
And it's all because of you
All of the things we were meant to do
Till we were old but nothings new
Coz it's over now and it's all because of you.
