Borrowed Time

Frances

[Verse 1]
There is nothing that I won't do
But I think I'm starting to strain
Have I done something to hurt you?
Cause it's not been feeling the same[Pre-Chorus]
Maybe I've been seeing salt in the sand
I should know it's all in my head
But a question I know I have to ask[Chorus]
Are we in the hands of borrowed time?
Borrowed time
Where do we stand?
Are these the hands of borrowed time?[Verse 2]
If you ever were to leave me
Would you come back lonely someday?
And if I fell apart comepletely
Would you still come running my way?[Pre-Chorus]
Maybe I've been seeing salt in the sand
I should know it's all in my head
But a question I know I have to ask[Chorus]
Are we in the hands of borrowed time?
Borrowed time
Where do we stand?
Are these the hands of borrowed time?[Outro]
Are we in the hands of borrowed time?
Borrowed time
Where do we stand?
Are these the hands of borrowed time?
