

# Suffer In Silence

## Coal Chamber

Suffer in silence!

Underneath the darkened skies  
Through sleepless eyes, it leaves me wanting  
It keeps raining all day and all night  
The wind it blows like it never happened, never happened  
The moon is so full we're losing all sight  
It's just like never happened, never happened

Midnight walks through cemetery blocks  
Won't be the same without you

Suffer in silence!  
Suffer in silence!  
Suffer in silence!  
Suffer in silence!

Hell is empty, the devil is here  
With you beside me, it leaves me wanting  
Just like this midnight it just doesn't feel right  
Somethings can't be forgotten, be forgotten  
The wind screams your name, it cries it in vain  
It's just like never happened, never happened

Midnight walks through cemetery blocks  
Won't be the same without you  
Cursing the living while talking with the dead  
Won't be the same without you

Suffer in silence!  
Suffer in silence!  
Suffer in silence!  
Suffer in silence!

Midnight walks through cemetery blocks  
Won't be the same without you

I just want to regret you...  
Just want to keep my soul  
My mind already rejects you...

All of this is growing old old old old!

Talking with the dead  
Won't be the same without you  
Midnight walks!  
Cursing the living while talking with the dead  
Won't be the same, won't be the same!  
I curse the living  
We talk to the dead...  
Without you, without you  
Midnight walks!  
It's just not the same, it's not the same  
When I curse the dead  
Midnight walks!  
After midnight!

Midnight walks through cemetery blocks  
Won't be the same without you  
Cursing the living while talking with the dead  
Won't be the same without you

Suffer in silence!  
Suffer in silence!  
Suffer in silence!  
Suffer in silence!

Midnight walks through cemetery blocks  
Won't be the same without you
