Dye The World

Smith Westerns

Into the wire was you,
Bring a smile, your
Worries disappear
Nothing stays clear
Dye the whole world blondeSex, your tongue
You got that charm
Softer than most
I wanna get close
Dye the whole world blondeLook in the mirror
Do you see a year or
Something that you miss?
Are you glamorous?
Dye the whole world blondeAre you a dream
Or something in between?
Is this fantasy?
Or am I just lucky?
Dye the whole world blonde
