Life, Love & Lies

State Of Shock

Can you take what you give?
Who do you think you are?
Playin? a game of charades
With my life in your arms
It's not like it was do or die
We expect the unexpected
But the day you left it for dead
Was the day it went too far
Uh oh, uh oh, uh oh
Uh oh, uh oh, uh oh
Is this life or goodbye?
I'm caught in the crossfire of life, love and lies
Is this life or goodbye?
I?m scared to death inside of life, love and lies
All I know is what you tell me
It?s not what you think we had
But all that you ever hid
When I was there for you
Uh oh, uh oh, uh oh
Uh oh, uh oh, uh oh
Is this life or goodbye?
I'm caught in the crossfire of life, love and lies
Is this life or goodbye?
I?m scared to death inside of life, love and lies
Is this life?
So God help me
So God help me
I?m caught in the crossfire
Every time I stand for you, you stand
Uh oh, uh oh, uh oh
Every time I stand for you
I?m caught in the crossfire
Is this life or goodbye?
I?m scared to death inside of life, love and lies
Is this life or goodbye?
I'm caught in the crossfire of life, love and lies
Is this life?
So God help me
So God help me

I'm caught in the crossfire
