

# Locked Inside

## Reef

We talked about tripping  
On the way home back in my car  
The things we've been missing  
The things that have happened so far  
Time passes by  
We talked about tripping  
On the way home back in my car  
I turn to you and listen  
You talk and it makes me smile  
Time passes by  
I'm still locked inside
