

Virginity

System of a Down

I don't know why she called,
But it was her strange way
Of telling me about her
Fuck!

She told me she was the one.
And than everything was done.
And then I looked around-
What did I see?
She told me she was the one.
And that everything was done.
And then I looked around and
What did I see?

[Chorus]
When I fucked her,
right beneath the tree,
And I can't believe that I took her virginity.
Virginity, Virginity.

And then I just woke up.
What a strange nightmare.
My eyes couldn't focus.
Who was it there?
Was it a friend or a foe?
I didn't really know.
But as I turned around,
What did I see?

[Chorus]

Virgin tea. [x4]
Won't you buy some virgin tea? [x4]

When I fucked her,
Right beneath the tree,
And I can't believe that I took her virginity.
Virginity (2x)

And then I just woke up.

What a strange nightmare.

My eyes couldn't focus.

Who was it there?
