

Tomorrow

[Lillix](#)

Tomorrow just another day
Another way to spend my day
All by my self starin' at the TV screen
Flipping through my magazine
Everything is unclear
I need you hear, I do And I wake up put on my make up
Pick up the phone nobodys home
I need to break out give me some take out
Standin' side the crowd
I wanna scream out loud
I'll be ok Walking down this whining road
Raining days are all unknown
I have hit the ground staring up into the sky
Countin all the reasons why
My mind is spinning around
I need to breath I do So, I wake up put on my make up
Pick up the phone nobodys home
And I need to break out give me some take out
Standin' side the crowd I wanna scream out loud
I'll be ok Get off from the floor
I just can't take anymore
Leave that all behind
Just get along Oh, I wake up put on my make up
Pick up the phone nobodys home
And I need to break out give me some take out
Standing side the crowd I wanna scream out loud I need wake up put on my make up
Pick up the phone nobodys home
And I need to break out give me some take out
Standing side the crowd I wanna scream out loud I need to break out, it's ok
Were ok, were alright
Were ok, we'll be alright Tomorrow just another day
Another way to spend my day
