

When Love Takes You In

[Steven Curtis Chapman](#)

I know you've heard the stories
But they all sound too good to be true
You've heard about a place called home
But there doesn't seem to be one for you
So one more night you cry yourself to sleep
And drift off to a distant dream Where love takes you in and everything changes
A miracle starts with the beat of a heart
When love takes you home and says you belong here
The loneliness ends and a new life begins
When love takes you in And somewhere while you're sleeping
Someone else is dreaming too
Counting down the days until
They hold you close and say I love you
And like the rain that falls into the sea
In a moment what has been is lost in what will be When love takes you in everything changes
A miracle starts with the beat of a heart
And this love will never let you go
There is nothing that could ever
Cause this love to lose its hold When love takes you in everything changes
A miracle starts with the beat of a heart
When love takes you home and says you belong here
The loneliness ends and a new life begins
When love takes you in it takes you in for good
When love takes you in
