Malaria

DJ Mixwell

She's malaria, she's malariaSomewhere from another time
Asiatic death
Yellow fever bodies writhe
Sugar on my breathIs this the final curtain?
I don't believe what's happening
She hides behind a veil of tears
Plays upon my darkest fears yeahShe's malaria, she's malariaSwamp fever
Water black as mud
Strength fading
Demon hold, hungry for my bloodSo desperately I cling to life
Pain I know I must survive, entity
She hides behind a veil of tears
Plays upon my darkest fears, miserySHe's malaria, she's malariaDesperately I cling to life
Pain I know I must survive, entity
She hides behind a veil of tears
Plays upon my darkest fears, miserySHe's malaria, she's malaria
She's malaria, she's malaria
