Crescent Moon

Charice

Ohh, woo, hoo
We always were together
Walking the same road, you and me like destiny
But then the path had parted
You went down one road and I went the other way
Loneliness, the feeling in my heart
Is all I have to hold today
Looking at the sky that's almost just about to cry
I have to say, but I can't help but think of you
Ohh, ohh

I'm here beneath the night, and you're not there
No I won't cry, won't cry anymore
Trying hard to live a life without you
Too peaceful, when I think about you
Ohh, ohh

Maybe, you're seeing the same big sky A crescent moon, fades into the night 'Cause it might be bringing us together You know I love you more than ever

> Ohh, ohh Yea, yea, hey yea The days are getting colder

(Colder)

Keeping my hands warm by myself
Reality, I miss your arms so badly
Want you here with me, want you here with me
Even though you call me
And tell me how much you love me, I get blue
(I get blue)

You know I wanna hear it
But I really don't like to lean on you
So I'll wipe the tears away
I'm here beneath the night, and you're not there
No I won't cry, won't cry anymore
Trying hard to live a life without you
Too peaceful, when I think about you
Ohh, ohh

I wonder when I would see you again Until that time again, I guess I'll have to live Feeling the power you gave me, when you hold me close And said I'll always love you, you know Ohh

Here beneath the night, and you're not there
No I won't cry, can't cry anymore
Trying hard to live a life without you
Too peaceful, when I think about you
Ohh, ohh

Maybe, you're seeing the same big sky
A crescent moon, fades into the night
I believe in bringing us together
(Bringing us together)

You know I love you more than ever
(I love you more than ever)
Holding up my hands, can you feel the pain?
I'm reaching out to you, Crescent moon
(Crescent moon)

Hmm
