

Rock N Roll Duty

[Kim Mitchell](#)

My rock n roll heartaches end up in song
Sometimes I get it right sometimes I'm wrong
And my love of rock n roll makes me a one-night-stand
Sometimes I'm enriched sometimes I'm tanned
I'm just doing my rock n roll duty
I'm just doing my
I'm just doing my rock n roll duty
Creating a buzz buzz buzz
Some say I'm in it for the money
Man I'm in it for love love love
The love of rock n roll is never right or wrong
That's why you can identify as the day is long
So this is for us
The hard-driving beauty
We can dance in our minds
We can do the tutti-frutti
I'm just doing my rock n roll duty
I'm just doing my
I'm just doing my rock n roll duty
Creating a buzz buzz buzz
Some say I'm in it for the money
Man I'm in it for love love love
I'm just doing my rock n roll duty
Creating a buzz buzz buzz
