

Lord of Overstock

Guided By Voices

Straight to the lord of overstock
He spoke for the millionth time
Don't be late for the super deal
Will save you a lot
And take every cent you earn Heavenly ticks
Is open for you So trust in the king of overstock
Invest in his wisdom and learn
There's less to go around
If everyone counts
But if you got the money to burn Then you will be in
Always give faith
For what's it all worth
In heaven on earth
