

I Can't Live Without You

[Tim Chaisson](#)

You fall outta love, when I fall in
Timing never was our best friend
But I knowâ€™ Ya, we get something gold

It was raining when I first met you
You told me youâ€™d never felt a dÃ©jÃ vu
Like thatâ€™
Meant to be and meant to last

Maybe weâ€™ll sink, maybe weâ€™ll swim
Life doesnâ€™t let us see where it ends
Maybe youâ€™ll run but I hope you stay
Cause I donâ€™t know who else could love me the way you do
I canâ€™t live without you

You donâ€™t have to tell me what youâ€™re thinking
Cause I am happy here beside you waiting
I feel

Ya, we got something real
