

# Eve

## California Guitar Trio

Eve, I can't believe that you could mean  
What you just said  
Think of what you are  
How very far you are from being real  
Look into the mirror  
Nothing there to see  
Eve, I can't believe  
You'd really leave him  
Notice how her image saddens  
How lonely she's become  
Just once I'd like to see her happy  
(Ohh ohh ohh ohh)  
Before the winter comes  
Eve, I wouldn't lie  
The open sky is not your home  
Wide as it may be  
Reality is here among the stones  
Thorns among the roses  
Add to what is real  
Eve, you are a rose  
Among the thorns here  
Notice how her image saddens  
How lonely she's become  
(Just)  
Just once I'd like to see her happy  
(Ohh ohh ohh ohh)  
Before the winter comes  
I wish her only good times  
Before the winter comes
