

# The Only Thing I Know

Gotye

I'm living with your memory  
In the attic in my mind  
And you've been getting by without me  
But I've been spending all my time  
With a girl that I remember  
Who'll never leave or need to grow  
Cos when you left you left your memory  
Now it's the only thing I know  
When the past gives me no comfort  
And though the future is the cost  
The way I'm choosing to remember  
I'll forever be the man I never was  
And you, you fade  
But the memory remains the same  
And I, I can't change  
And I think that living with your memory  
Is slowly driving me insane  
You are perfect but you're empty  
And it gets so lonely in my mind  
Cos your image in my memory's  
The only shred of you that's left behind  
You were real but then you left me  
And that's the part I can't accept  
So I'll keep on living with your memory  
Because it's all that I've got left
