

Love Faces

Trey Songz

When I met you woman
I couldn't help but notice a face so beautiful
Now imagine the faces you would make
If we ever made love (love, love, love, love, love, love, love)
Made love
Oh, oh, oh, oh Pulled up in the drop top Benz
Hit the horn two times
And you walked outside
Mm hm just keep huggin' them thighs
And the only thing inside my mind is mm hm
I want you, yes I do
And if there's anything you suggest I do
Come tell me
Now we all my crib on the sofa
Girl I'm so glad you came over
I wanna tell you come closer
But I don't know if you feel like
(If you feel) Like I feel Tell me girl
Don't it feel good when I touch on it
Wouldn't it be nice if all night
I was in you Come kiss me
Come with me
Down the hall to my bedroom
Tonight we'll be makin' love faces
Makin' love faces
Shadows on the wall while the candles burnin'
Messin' up the bed while you sweatin' out your perm and
Makin' love faces, makin' love faces
My hands rubbin' on your skin
Let's go hard don't hold it in Girl let me wrap my hands around you
(Hands are you, hands around you)
So happy ever since I've found you
Just like a kid who found some candy
Let me feel and find your panties
Take 'em off take 'em off
Take 'em off please
Oh down on my knees
You're right in front of me
Don't have to pay for my attention

Can you hear me is you listenin'
Baby be real with me Tell me girl don't it feel good
When I touch on it
Wouldn't it be nice if all night
I was in you Come kiss me come with me
Down the hall to my bedroom, tonight we'll be
Makin' love faces
Makin' love faces shadows on the wall
While the candles burnin' messin' up
The bed while you sweatin' out your perm
And makin' love faces makin' love faces
My hands rubbin' on your skin
Let's go hard don't hold it in The way you bite your lip
Is that your way of tellin' me you like it
Mm hm if I'm the best you ever had girl in your life
Say mm hm and when your eyes roll back in your head
Shakin' in your legs
Mm hm that's what she said Makin' love faces
Makin' love faces
Shadows on the wall
While the candles burnin' messin' up the bed
While you sweatin' out your perm and
Makin' love faces (let the people sing)
Makin' love faces
My hands rubbin' on your skin let's go hard
Don't hold it in love faces
