Just a Boy

The Moxies

I'm nervous
Cause I keep tappin' my shoes
I'm nervous
Cause I keep thinkin' of you
I'm nervous
Cause I'm actin a litle bit shy
I'm nervous
Cause youre lookin' at me right in the eye

I'm anxious
Cause you gave the most adorable smile
I'm anxious
Cause you told me I should stay for a while
I'm anxious
Cause you reached out and touched my hand
I'm anxious
Cause I'm tryin to be a man

I'm just a boy
Little boy whose fallin in love
Boy, little boy who's falling in love

Butterflies
When you wrap me up and hold me tight
In your eyes
Are stars in the dead of night
When I see you
Take the air right out of my lungs
When my lips meet you
you make me want to feel so young

I'm just a boy
Little boy who's falling in love
Boy, little boy who's falling in love

Field of green beaches (?) and words that take (??) and
(??) the bus learn to cuss
anything just to make you blush
all the same clothes I wear
anything just to know I'm there

sugar, spice, all things nice
what can i do to make you look twice?
I will tend to your needs
I picture this bouquet of weeds
I'm sorry if i annoy you
I cant help it I cant help it, no

I'm just a boy
Little boy who's falling in love
Boy, little boy who's falling in love
Boy, stupid boy who's falling in love
Boy, la dadada dadadada
