Iâ€™m Not Always So Stupid

Wedding Present

Every time a car drives past I think it's you
Every time somebody laughs I think it's you
You changed your number and my phonebook's such a mess
But I can't bear to cross your name out yet
Each time the doorbell rings it might be you
Each letter the postman brings might be from youI made a fool of myself yet once again
A boy who's been this cruel looks for others to share the blame
Somebody told me you went to work down southAs far away as you can from my big mouth
I bumped into Jane and she told me to drop dead
Oh she's not to blame, I know exactly what I said
Every time a car drives past I think it's you
Every time somebody laughs I think it's you
Every time a car drives past I think it's you
Every time somebody laughs I think it's you
