Soon

Natalie Cole

Soon, my dear, you'll never be lonely
Soon you'll find I live for you only
When I'm with you, who cares what time it is
Or what the day or what the climate isOh, soon a little ship will come sailing home
Through every storm never failing
The day you're mine, this world will be in tune
Let's make that day come soonSoon, my dear, you'll never, ever be lonely
Soon you'll find I live for you only
When I'm with you, who cares what time it is
Or what the day or even what the climate isOh, soon our little ship is gonna come sailing home
Through every storm never failing
The day you're mine, this world will be in tune
So, let's make that day come, let's make that day come
Let's make that day come soon
