

# Swallow Glass

## The Flaming Mussolinis

I've seen the devil in the deep blue sea  
I've been to heaven but it ain't no high  
I'm in your eyes  
Let's swallow glass

Iâ€™ve seen the angels over fiery skies  
I've lost a dagger then I found a gun  
I'm reconciled  
Let's swallow glass

Is it in my mind, is it in my dreams?  
I don't know  
Let's get up ahead before  
Tomorrow gets too sure, right

I've seen the mothers with their nuclear sons  
I've seen the factories that built the bombs  
I feel no fear  
Let's swallow glass

You're gonna need a conscientious friend  
To stick beside until the very end  
I'm standing here  
Let's swallow glass

Is it in my mind, is it in my dreams?  
I don't know  
Let's get up ahead before  
Tomorrow gets too short

Oooh-oooh-oooh

I'll be in England when they drop the bomb  
I'll have a party under mushroom clouds  
I feel no fear,  
Let's swallow gla-a-a-a-a-a-ass

You're gonna need a conscientious friend  
To stick beside until the very end  
I'm standing here

Let's swallow glass

Is it in my mind, is it in my dreams?

I don't know

Let's get up ahead before

Tomorrow gets too sure

Is it in my mind, is it in my dreams?

I don't know

Let's get up ahead before

Tomorrow gets too sure

Oh, whoa-oh-oh
