

# In Pieces

## Foreigner

You're in my air  
Every breathe that I take, I can't escape  
Oh, everywhere I go  
I feel your stare like you're there  
Can't you see I'm scattered  
Like memories from the past  
Shattered like a bullet through glass  
I'm in pieces  
On what might've been  
Every night I'm spending sleepless  
Smokin' cigarettes 'till 3am  
In an empty bed and I can't get you out of my head  
You burnt your name  
Into my heart where its scarred  
I can't erase you from me  
You soul and mine intertwined  
You cut the line  
And I'm drifting  
Holdin' to the past  
Memories like a bullet through glass  
I'm in pieces

On what might've been  
Every night I'm spending sleepless  
Smokin' cigarettes 'till 3am  
In an empty bed and I can't get you out of my head  
Oh, I can't get you out my head  
Outta my head  
Outta my life  
Outta my dream  
Broken emotion  
You left me in pieces  
Scattered like memories from the past  
Shattered like a bullet through glass  
I'm in pieces  
On what might've been  
Every night I'm spending sleepless  
Smokin' cigarettes 'till 3am  
In an empty bed and I cant get you out of my head

No, I cant get you outta my head  
Outta my head x 9
