

Bound And Gagged

The Teenagers

I swear I've seen some critical things
That will blow my mind to smithereens
And I swear I'll go to the ends of the earth
I'll never ever ever gonna forget her
I know I've been accused of distancing myself
Assigning away and letting her fall down flat on the ground
Sally was different
She was the one
The one i could have loved Flat on your back
And then you're bound and gagged
Then you're bound and gagged
You're bound and gagged
Bound and gagged, and you're bound and gagged
legs unshaved, and you're rotten ----
Bound and gagged, and you're bound and gagged
Passing, is never lasting, I'm passing hours, everything
Bound and gagged, and you're bound and gagged
crushed and burned, and I broke it in her
Bound and gagged, and I'm choking trying to
No no needa, no no needa, no no, never did get her. Sally said to me she would stay in the car
She promised me never to go to far
When I arrived there was no sight
had no choice, but, but to drive
Little did I know, she was there all along
Silently a blissfully, lying in my trunk
She'd be tied off from head to her toe
Listen officer, it was not my fault Flat on your back
And then you're bound and gagged
Then you're bound and gagged
You're bound and gagged
Bound and gagged, and you're bound and gagged
Legs unshaved, and you're rotten -----
Bound and gagged, and you're bound and gagged
Passing, is never lasting, I'm passing hours, everything
Bound and gagged, and you're bound and gagged
Crushed and burned, as she broke it in her
Bound and gagged, and she's choking and trying to
No no needa, No no needa, no no, now she cant come here Please stay close, come some way
Give me a chance, just to clear my name

No, I'll hear you if you just speak out
I know I'll be there if you just reach out
Now that you're gone, I got no excuse
Fuck the police, if I pay for that abuse
What about now? Pain of existence
Don't tell me, that its your Italian system
Bound and gagged, and you're bound and gagged
Now here's a quiet time and -----
Bound and gagged, and you're bound and gagged
Now here's a quiet time
Bound and gagged, and you're bound and gagged
Now I can't tie you, a round and round
it wasn't my fault, it wasn't my fault
give me a chance, give me a chance
bound and gagged, and you're bound and gagged
