Problematic (feat. Snoop Dogg)

Ricky Dillon

Time to hustle, On that grid
I'm about to work it
Looking at you in my ride
Yeah , you endorse it
Make some noise this is my night
Got you on the guest list
Acting up with me tonight
You'll never forget thisGet it ? Got it? Got it? Good
I'mma i'mma make it possible
Do it like you should
We gon We gon be unstoppable
Yeah it's possible
But this spilt shirts impossible
Get it? Get it? Got it?Get it? Get it? Got it ? GoodBe the problem
Call me problematic
Work it out
Just like magic (be the problem ,call me problematic,work it out just like magic)
Be the problem
Call me problematic
Work it out
Just like magic (be the problem,call me problematic,work it out ,just like magic)Got my crew, Mobbing deep
Go down and stay true
I'm not looking for the deep
Flashing lights are red blue
Spitting lines ,Flow to the beat ,That next level breakthrough
See you at my meet and greet
When I drop that debutGet it? Got it ? Good
I'mma I'mma make it possible
Do it like you should
We gon' we gon' be unstoppable
Yeah its possible
But this split shirts impossible
Get it? Get it? Got it? Get it? Get it? Got it? GoodBe the problem
Call me problematic
Work it out
Just like magic (be the problem ,call me problematic,work it out,just like magic)
Be the problem
Call me problematic
Work it out

Just like magic (be the problem , call me problematic ,work it out just like magic)It's just so tragic (tragic,tragic)
Just like magic (magic magic)
Tragic (tragic tragic)
Problematic
One lonely kid kid on the block
Tryna be cool as as he can be
Problematic boy he is
Ain't no body stopping
Cause he really don't listen
On the mission doing what he till he get in trouble
Now he's on the bad bad side
Problematic slowing down
Better pay attention
Cause they ain't tryna play around
Lay him dowmBe the problem
Call me problematic
Work it out
Just like magic (be the problem,call me problematic,work it out, just like magic)
Be the problem
Call me problematic
Work it out
Just like magic (be the problem ,call me problematic,work it out ,just like magic)Break the bread or fake dead
So problematic,Ya dig ?
Oh Oh
